# Test Process

**Legend:**

# Template – In sprint Testing Preparation and Traceability

## User Story

- As a < type of user >, I want < some goal > so that < some reason >
- Acceptance criteria
- Estimation
- Assign Tester to create Test case for each User story

**P2C - Checkout | BuyFlow - Payment**

Details

Type: Story  
Priority: Medium  
Affects Version/s: None  
Component/s: Salesforce Invoice Management  
Labels: QA-Test  
P2C Theme: Bill & Collect  
Epic Link: DELETE: SAMPLE EPIC  
Acceptance Criteria: As a customer viewing the Payment form within Checkout, I can see:

- Terms and Conditions checkbox and messaging
- Credit Card entry form
  - Card Number field
  - Expiration date (MM/YY format)
  - CVV Code field

T-Shirt Size: M  
Assigned Team: Salesforce Core  
Story Points: Sprint 1

Description

As the site owner, I need the ability to display a payment step within Checkout so that users may enter a payment method for their order. A summarized Contact in will also appear above the Payment Form.

In Tested by

- P2C-174 P2C-170 : Failed payment with incorrect CVV
- P2C-175 P2C-170 : Successful payment with MasterCard
- P2C-176 P2C-170 : Successful payment process with AMEX card
- P2C-177 P2C-170 : Failed payment with expired Card
- P2C-178 P2C-170 : Not Successful payment process with VISA

## Test case

- Test Case Title
- Steps and Actions
- Expected Result
- Prerequisites
- Linked to User Story

**P2C-170 : Failed payment with incorrect CVV**

Details

Type: Test  
Priority: Medium  
Affects Version/s: None  
Component/s: QA-Test  
Labels: DELETE: SAMPLE EPIC  
Epic Link: Zephyr Test  
Team: Sprint 1  
Sprint: Sprint 1  
Pre-conditions:

- Access granted
- Credit information ready
- Credit type
- credit number
- CVV
- expire date

Input Data:

Steps:

- 1. Click on 'Place an order'
- 2. Verify new order added in DB

Expected Results:

- Payment processed successfully.
- Recorder added, status set to 'completed'

Test Case Order: 1
